## Finding WCLS Booklists in the Low-Images Catalog

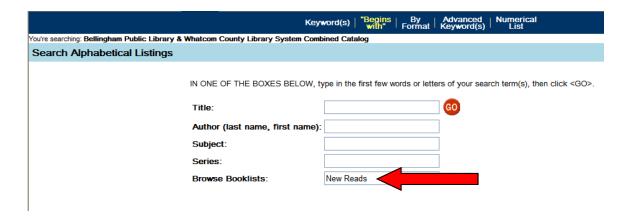

1. Go to Low Images catalog – from wcls.org, hover over "catalog" on the top menu bar and then select "low images catalog" from the dropdown list.

2. Click on the "Begins with" search (second from the left on the dark blue bar).

3. In the "browse booklists" search box, type the name of the list; for example, "new reads."

4. Click the title "new reads" from the resulting list.

All WCLS booklists can be searched for this way and viewed in the low images catalog!
