

# SUMMER READING 2025

# GET READY AT YOUR LIBRARY!

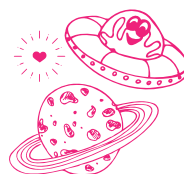

Summer Reading 2025 features six reading categories, each with different activities, to help you get ready to have your best summer. You can do whichever activities you like, as many times as you like, in whatever categories you like. Tick a box for every activity you do. When you reach four activities in a particular category, come to the library for your completion sticker. Can you complete all six categories by summer's end?

Visit [www.wcls.org/summerreading](http://www.wcls.org/summerreading) for suggested reading lists, summer reading events, and more information about participation.
