The scope includes selective demolition and salvage, structural modifications, new wall and ceiling construction and finishes. It is the sole responsibility of the Contractor to assign the appropriate classifications to such laborers, workers or mechanics and to ascertain the applicable prevailing wage rates and fringe benefits for each such classification.

Current prevailing wage data can be obtained by the Contractor from the Industrial Statistician of the Department of Labor and Industries, Prevailing Wage Section, P.O. Box 44540, Olympia, Washington 98504-4540, (360) 902-5335, or on their website at

After completion of all contract work, the Contractor may request WCLS to release and pay in full the amounts retained and held during performance of this Contract, and, no more than 60 days after such request, WCLS shall release and pay such amounts subject to the provisions of chapters 39.12 and 60.28 RCW.

14. Rejection of Bids

WCLS will have the right to reject any and all bids and in particular to reject a bid received after the deadline for bids due or bids that are not accompanied by the required Bid Security or Non-Collusion Affidavit or a bid in any way incomplete or nonresponsive to the bid package. These bids will be deemed non-responsive. WCLS further reserves the right to accept that proposal which is in the best interest of WCLS.

15. Appeal Process

If WCLS determines that the apparent low bidder does not meet bidder responsibility criteria in Section 4 above and is therefore not a responsible bidder, WCLS shall notify the bidder in writing with the reasons for its determination. If the bidder disagrees with this determination, it may appeal the determination within 24 hours of receipt of WCLS's determination by presenting additional information to WCLS. WCLS will consider the additional information before issuing its final determination.
